

CEH Health Literacy Training

Why learn with CEH Online?

- Founded in 1994, we are well respected in the community
- We're acknowledged as sectoral leaders in working with people from refugee and migrant backgrounds
- We've trained over 15,000 people to improve their services using health literacy since 2016

- **Make your service easy to find and use**
- **Meet health literacy accreditation**

More than 50% of Australians find it hard to understand health systems and information. Make sure your clients understand you with our exceptional health literacy workshops and eLearning.

We can help you make it easy for clients to use your services and help meet health literacy accreditation.

We're Australian health literacy pioneers. We developed Australia's first health literacy course and continue to run long and short courses about health literacy today.
